

What you can do

- sponsor and coach a student by keeping a personal contact with him/her.
- sponsor by providing a scholarship and keeping a contact directly with a student, while leaving the coaching to the care of Helvietmed's members.
- donate a scholarship that is not directed to a specific student. In this case, Helvietmed chooses the student for you and informs him/her of your donation.
- donate an amount of your choice to the project as a whole.
- contact us for other types of participation and support.

Helvietmed

is a non-profit and humanitarian association, religiously neutral and not affiliated to any political organization. It was established according to the article 60ss of the Swiss Civil Code.

It is composed of Swiss health professionals who are of Vietnamese descent or maintain close and privileged relations with Vietnam.

The project **SEE-Responsibly**

The **Scholarship to Encourage an Elite by Responsibility** is intended for financially and socially disadvantaged medical students in Vietnam.

Our partners in Vietnam

- University of Medicine and Pharmacy in Cantho
- Vietnam Student Development Fund (Saigon)

Our actions

- Support students by granting scholarships (250 CHF/student/year)
- Promote social commitment by encouraging students' participation in socio-educative and medical projects in favor of disadvantaged populations

Target group

- Medical students with good grades who are financially disadvantaged.

Conditions* for the scholarship

- Strong motivation for networking with other students in order to share experience and other social activities.
- Agreement to take part in humanitarian or educative projects proposed by Helvietmed or launched by the network of scholarship recipients.
- Promise to help future generations of medical students in the same financial and social situation.

**All conditions must be fulfilled.*

We support these students because

- they represent the development potential, hope and future of the country.
- they will be playing key roles in tomorrow's Vietnam.
- they can actively take part in humanitarian activities.

Our resources

- Financial:
 - a) Membership fee and donations from the members of Helvietmed
 - b) Revenues from scientific, formative (conferences, seminars) and artistic activities by the members of Helvietmed
 - c) Sponsoring, individual and institutional donations
- Scientific and educational:
 - d) From the members of Helvietmed, sponsors and interested donors
